

Document Portal

- Reduces time to market

IN SHORT

Document Portal is a feature in SupplierOnline where you easily and digitally administrate and handle your control reports.

Upload required control reports prior to goods arrival at the pre-wholesale warehouse, and you will get a fast and easy release for saleable stock.

- NO HARDCOPY HANDLING
- ONLINE 24/7
- FULL TRANSPARENCY
- HIGH SECURITY
- SMART ARCHIVE

Upload your control reports online prior to goods arrival in pre-wholesale

Control reports are approved/rejected by Nomeco's QC function

"All docs are ready" when your products arrive at the gate

PART OF AN EFFICIENT INBOUND PROCESS

EFFICIENCY

- All parties of your supply chain can upload
- Online access 24/7
- Elimination of paper flow
- Full transparency
- Easy user management

QUALITY

- Online archive
- High security
- Fully validated
- Full audit trail
- Digital signature

YOUR BENEFIT

AN EFFICIENT INBOUND
- THE SHORTEST TIME
TO MARKET
